## BIG HEADED FOR THE SCREEN!

That is to say, "Headed for the big screen". In case you haven't been reading your union mail-outs, another one of those huge budget independent **feature films** has hit Vancouver; and who better to cast as comic relief than the **hilarious Stefano Giulianetti**. The movie is **The Water Game**, directed by John Bolton, and the part calls for **Stefano** to venture into the realm of a thick-headed loser...a real stretch! With a script that called for lines like: "*Yeah. We're graduated*" and a stunt where he had to jump off the 10 Metre diving board at UBC simultaneously with fellow actor Andrew Morisson, both his **talents** and fears were put to the test. The jury agrees, **Stefano** graduated with honours. While the movie has not yet been sold, the producers are confident that the second **George Lucas** sees **Stefano's** dailys, he'll be **begging** to get on board!
